

Home Learning for Reception children in Barn Owls Class

Have a go at some or all of these activities to keep you busy and learning. Doing something every day, however small, will be really beneficial.

<p style="text-align: center;"><u>Ready, Steady, Cook!</u></p> <p>Bake some simple biscuits or make a simple meal for your family, like breakfast or a sandwich lunch. What instructions do you have to follow? (Make sure you have a grown up to help you)</p>	<p style="text-align: center;"><u>Fact file</u></p> <p>Make a fact file about something that really interests you (like space, dinosaurs, flowers, insects). You could draw or cut pictures out of a magazine and use captions, labels and descriptions to tell the reader all about it.</p>	<p style="text-align: center;"><u>Spring is here!</u></p> <p>Take some paper and pencils out into your local surroundings and draw something that tells us spring is here, like a daffodil. Can you paint it or colour it in?</p>	<p style="text-align: center;"><u>Number hunt</u></p> <p>Go on a number hunt around your home or local area and say and write down any numbers that you see, door numbers, numbers on street signs etc.</p>
<p style="text-align: center;"><u>Natural sculpture</u></p> <p>Use sticks, stones, twigs, leaves etc to make a sculpture of your favourite things (i.e. an animal, a bird or a vehicle, a food or something abstract)</p>	<p style="text-align: center;"><u>Phonics</u></p> <p>Look through your phonics book. Can you tell someone what all the sounds are and think of words with those sounds in? Write them down as well.</p>	<p style="text-align: center;"><u>Handwriting</u></p> <p>Every day, practice writing your name, middle name, if you have one, and also your surname. Can you write your name really neatly and also have a go at writing it in different styles (i.e. curly, bubble writing etc)?</p>	<p style="text-align: center;"><u>Shape hunt</u></p> <p>The same as a number hunt but with shapes! What can you see that is circular, square, rectangular or triangular? Have a go at drawing them.</p>
<p style="text-align: center;"><u>Story writing</u></p> <p>Can you make a little book of one of your favourite stories? Fold 2 or 3 pieces of paper together to make the pages and draw a picture and a line from the story on each page. Make up your own story if you are feeling really imaginative.</p>	<p style="text-align: center;"><u>Games</u></p> <p>Play a board game with someone in your family. You could even make your own board game if you have an idea.</p> <p style="text-align: center;"><u>Puzzle time</u></p> <p>Have a go at doing a puzzle, or part of a puzzle if it is a big one. Can you set a timer and do it for 20 minutes?</p>	<p style="text-align: center;"><u>Exercise challenge</u></p> <p>What can you do in 1 minute? Set a timer and do star jumps, keepy uppys with a ball (how many?), jog on the spot, run up and down your stairs etc</p>	<p style="text-align: center;"><u>Play dough</u></p> <p>Look on the internet for a play dough recipe and make some (you can do this in the microwave or on the hob so you definitely need an adult to help with this) When you've made it, play with it! Create a plate of play dough food, make an alien, and squish it!</p>
